

BICHLER

SIMMENTALS

21st annual production sale
NOVEMBER 17, 2025

1p.m. at the ranch • Linton, N.D. • Red and black Simmental & SimAngus™
67 age advantage bulls • 42 bred heifers • Commercial bred heifers from our customers

Welcome to our 21st annual production sale.

What an exciting time to be in the cattle business. With record-high prices for all classes of cattle, there's never been a better time to upgrade your herd bull battery or invest in new females. We can help with that! When you look through the offering this year, you'll notice a diverse set of sire groups. Whether you need to improve performance, add some frame or produce superior replacement females, we are confident you will find a bull in our offering to get that done.

We have been doing embryo transfer to propagate our best cow families for over 20 years. You don't have to dig very deep to find top donors in the pedigrees we offer. This presents an opportunity to buy a direct daughter from our top cows, or you can use full brothers to increase consistency in your calves.

This is our sixth fall sale. We have received positive feedback about our extra-aged bulls that are developed slowly. The age advantage allows each bull to service more cows and thrive throughout the breeding season.

This set of bulls has never been offered for sale. We cull hard for structural and disposition issues to ensure you get our absolute best genetics. The bulls spent the summer on native pasture without supplement. We brought them home and started working with them the first week of September. The bulls have passed a breeding soundness exam, and we are offering the same policy regarding breeding guarantee. Look at the sale terms and conditions page to familiarize yourself with these terms.

The heifers in this sale spent the summer on pasture with no supplement. We are pleased with how they have come along, and they will be in excellent shape going into winter. We pride ourselves in the quality of our cowherd, and we expect these heifers to reflect that. The heifers were ultra-sounded for calving dates in September and then were palpated closer to the sale to confirm pregnancy.

We will continue to market our customers' bred heifers. This year, we are showcasing heifers from two operations. Both families have been consistent customers. If this is something that interests you, please visit with us. We'd be happy to help if we can.

Our sale is a video-only sale; no cattle will be brought through a ring. This method has been a great way to have the sale at the ranch without building a facility. The advantage is no cattle will be moving during the sale, so you are free to view them as long as you like.

Consider visiting with us about our offering or stopping at the farm to view our offering prior to sale day. We would like the chance to help you select the right bull or heifer to fit your operation. We enjoy talking about cattle and welcome any questions. We look forward to visiting with you and welcome you to the ranch on Nov. 17.

 Vern Frye, Ringman, Special Assignment..... 701 721-0344

SALE LOCATION: Bichler Ranch, see directions below.

SALE TERMS: All cattle sell under the Suggested Sale Terms and Conditions of the American Simmental Association. Available upon request.

PHONE BIDS: Phone bid services will be available if an interested party cannot attend the sale. Please leave your bid with any of the sale staff listed in the catalog and we will do our best to accommodate you. We will try and fulfill your request to the best of our ability and no "running" of the bid will be allowed.

ACCOMMODATIONS: Motel rooms are available at Don's Motel, 701 254-5457, or the Cobblestone Inn and Suites, 701 254-5734. Both motels are located just off of Hwy 83 in Linton.

ANNOUNCEMENTS: Announcements made sale day and from the auction block take precedence over printed materials in the catalog or other printed material associated with the sale. Anyone attending the sale does so at their own risk. Any of the sale staff will not be responsible for any personal injury for attending this sale. We are not responsible for any accidents, damaged, or stolen items on sale day.

We reserve the right to collect up to 100 units of semen on any of the bulls, for in-herd use. The semen will be collected at the seller's expense and the buyer's convenience. Please contact us if you have any questions.

SALE FORMAT: The sale will be broadcast on DVAuction. The cattle will not go through the barn. Videos of all lots will be played as each one sells. The cattle will be penned near the barn for evaluation on sale day.

HAULING: We would appreciate sale cattle be taken home on sale day. If you cannot take them home on sale day, please make arrangements prior to the sale to coordinate hauling. For cattle that need to travel a further distance, we will work with you to arrange trucking.

DISPOSITION: We have given each lot a disposition score, based on our interactions with them. A score of 1 or 2 means we've had an easy time handling and managing these animals. A score of 3 or higher means those animals need to be handled with more respect and have a larger flight zone. Please note that as animals age and are handled in different environments, their disposition can change.

BREEDING GUARANTEE: All bulls in this sale have passed a breeding soundness exam by Dr. Lyle Kenner of Northern Veterinary Service in Linton. We will cover injury or infertility of your new bulls that would prevent them from breeding through the first 60 days of the breeding season. To be eligible, bulls must bring \$4,000 or more. A salvage value will be deducted from the purchase price and either a replacement if available or sale credit at the next sale will be provided. Management issues, such as poor nutrition or frozen scrotums, will not be eligible. We ask that customers make us aware of issues as soon as they occur, and we reserve the right to request a veterinarian assessment.

HEALTH PROGRAM:

| BULLS & HEIFERS | | | BULLS | HEIFERS |
|--------------------|-------------------|---------------------|---------------------|---------------------|
| Calfhood | Weaning | Boosters | Pre-Sale | Pre-Sale |
| Bovisheild Gold 5 | Bovisheild Gold 5 | Bovisheild Gold 5 | Turn-Out: Fusogard | Valbazen drench |
| Oneshot Ultra | Oneshot Ultra | Oneshot Ultra | Valbazen drench | CattleMaster 5 |
| 7-way Somnus | 7-way Somnus | 7-way Somnus | Endovac | Spirovac |
| Dectomax injection | | Clean-Up II pour-on | Saber Ultra pour-on | Saber Ultra pour-on |

INSURANCE: Insuring your bull or heifer is an affordable way to cover yourself in case of fatality. In many cases the full purchase price can be recovered with a simple policy. Insurance will be available by request.

GENOMIC EPDS: Our entire offering is genomically tested and so are their dams and sires. This ensures parentage, checks trait status such as color and polled, and improves EPD accuracy. Please note that EPDs may change from the time the sale catalog is printed to the time the registration paper is transferred.

PREFERRED ROUTE: Travel south of Linton, N.D., on Hwy 83 and turn west at 82nd Street. Travel for five miles and turn south at 2nd Ave. Travel for one mile and turn west at the Bichler Simmentals sign. Travel for three-quarter of a mile; the sale will be held in the red and white barn.

SECONDARY ROUTE: Travel west of Linton, N.D., on Hwy 13 and turn south at 3rd Ave. Travel for one mile and turn west at 80th Street. Travel for one mile and turn south at 2nd Ave. Travel for three miles and turn west at the Bichler Simmentals sign. Travel for three-quarter of a mile; the sale will be held in the red and white barn.

Rockin H Captivate 275

Sons of
Rockin H Captivate
 ASA#3991776

Lots 1-5, 55

Daughters sell as lots 68 & 69

Captivate is, without a doubt, one of the best red bulls we've ever been associated with! Captivate has done everything we've hoped for, and now that his daughters are in production, we are excited about the big calves they are nursing this fall. 25 sons averaged over \$8,000 in last year's sale. While we don't have as many in the offering this year, they've easily surfaced to the top once again.

LOT 1

This bull is the kids' favorite, and they named him Clown Face at birth. He is super dark red and attractive with an outcross pedigree. To top it off, he has an excellent disposition. He would be a well-balanced option for larger heifers or cows. He's the only red baldy in the offering.

I really like this well-balanced son of Diligence. He goes back to one of our best donors, the Z219 cow. His dam has placed several calves in our sales, and they're always good.

We absolutely love our E780 cow and moved her to the donor pen this year. She raised one of our high-selling Captive sons last year. She has certainly brought another top-end bull this year. This is perhaps the stoutest Diligence calf we have with a super disposition and excellent feet.

This bull is out of a maternal sister to Cash Flow. We absolutely love the cow family. This would be a bull that we would consider using in our own program because we love his disposition, foot quality, length of body and muscle shape. He has among the highest growth EPDs in the sale.

The E742 cow has brought another top-end bull to the sale this year. This calf resembles what all her offspring look like, with extra length and muscle in a moderate, easy-keeping package. She also makes sure that they have exceptional foot quality.

UPCOMING GENETICS

CCR Acclaim 8099K

ASA#4193197

We have been very impressed with Acclaim thus far. He consistently stamps his calves with his attractive phenotype, plenty of muscle shape, and rib. It will be exciting to watch them develop in the coming year. We are also excited to have a broader selection of SimAngus bulls in our upcoming sales. Semen is available. Contact Doug if you're interested.

N157

Sire: CCR Acclaim

MGS: HHS Intuition 841F

FEATURE DONORS

A sample of some of our young, upcoming donor cows. We are very impressed with each one and they all offer something unique genetically while possessing the phenotype necessary to be donors in our program. You will see more from these young cows in future sales.

These Intuition brothers, lots 37-40, caught our eye all summer. They have added muscle shape, great foot quality and good dispositions. They're so consistent that we can't pick a favorite, so we'll let you decide on sale day. We've been extremely happy with our Intuition daughters, and they continue to rise to the top of our black program. The Apple cow has made an impact in our herd and on the industry as a whole.

WS MISS KEEPSAKE K62 • DAM TO LOT 58

This bull combines the C4 cow with our K62 donor that we purchased from Wilkinson Farms Simmentals. We started flushing K62 this year.

LOT 82

This is the first set of Tactic daughters we've offered, and we are very impressed! He consistently sires big bodied, easy-keeping phenotype with quiet dispositions. We love the fact that he does this in an outcross pedigree. Our only regret is we didn't keep more for ourselves. You will definitely be seeing more of his progeny in future sales.

Commercial Bred Heifers

BCLR NIGHT CAP J6041

LE ROY RANCH BRED HEIFERS:

Jim and Mitch Le Roy, of Underwood, North Dakota, are fifth and sixth-generation farmers and ranchers who have been investing in Bichler Simmentals genetics for the past several years.

The Le Roys are once again offering a set of commercial bred heifers stemming from their own home-raised replacements. The heifers have been on an extensive mineral program since being weaned as calves and were caked through the summer.

On Aug. 27, the heifers were ultrasounded, poured with Clean-Up and given Vira Shield 6 VL5. On Nov. 7, the heifers received their first round of scour shots and Dectomax Pour-On. On this same date, the heifers were ultrasounded again for a confirmed pregnancy. All ultrasound work was done by Johnson Veterinary Clinic of Mandan, North Dakota.

10 red SimAngus commercial bred heifers AI'd on 5/27/25 to BCLR Bond K9161. Due to calve 3/5/26.

10 black SimAngus commercial bred heifers AI'd on 5/27/25 to BCLR Night Cap J6041. Due to calve 3/5/26.

15 black SimAngus commercial bred heifers pasture bred by BCLR Manifesto J8182 and BCLR Manifesto L5. Due to calve 3/15/26 - 4/5/26.

The Le Roys would consider wintering options if buyers are interested. Questions can be directed toward Mitch at 701-315-0617.

The heifers will remain at their respective ranches before and during the sale. A video of the heifers will be available on DVAuction. Interested buyers are welcome to view the heifers in person ahead of the sale.

It's always been a goal of ours to help market our customers' females. When we were approached about selling bred heifers in our sale, we came up with a model that we think can work well. Moving forward, we will advertise and market our customers' bred heifers in conjunction with our production sale. These females are either sired by or bred to bulls we've raised. Please contact us if you are interested in working with us to market your heifers.

BCLR BOND K9161

RFS ELECTRIFY L46

BOSCH RANCH BRED HEIFERS:

Kelly and Kelsie Bosch, of Strasburg, North Dakota, are third-generation farmers and ranchers who have been building their herd with Bichler Simmentals genetics for over 10 years.

This fall, they are offering 15 high-quality commercial bred heifers from their own home-raised replacements. These heifers have been DNA tested through Zoetis. They are enrolled in the Inherit Select program, and a supplemental sheet with EPD data will be available on sale day.

The group was ultrasounded Sept. 24 by Dr. Lyle Kenner of Northern Veterinary Service in Linton. They received Vira Shield 6 VL5 and Guardian. They were poured with Inhibidor and drenched with Panacur. They were re-checked for pregnancy prior to the sale. These heifers have been on a complete mineral program since birth.

8 red SimAngus commercial bred heifers AI'd to BCLR Bond K9161 on 6/12/25. Due to calve 3/21/26.

7 red SimAngus commercial bred heifers, sired by BCLR Intrigue J860, were AI'd to RFS Electrify L46 on 6/12/25. Due to calve 3/21/26.

For more information, contact Kelly Bosch at 701-426-4421.
