BICHLER

SIMMENTALS

Welcome to our 17th annual production sale. Every year it seems we have overcome a new set of obstacles unique to our respective ranches. Of course, the drought comes to mind initially, but we've endured other challenges as well that will make us reduce our cowherd size. To me, it means we raise the bar in production, and in the long run, we have a better set of cows. With the second year of our new calving season behind us, we continue to be impressed with how much labor we saved by changing our management. With change comes learning, and we've definitely noticed some areas that need more attention. We decided to no longer creep feed because we have a larger window to develop the bulls, but this means we need to train our eye and our minds to a different set of calves at weaning. After the cows come home, the calves need their own area to eat TMR or they will fall behind. We learned this the hard way last year, so please consider this when you are looking at weights.

We've done our best to bring you a great set of cattle this year. This set of bulls has never been offered for sale. The quality we strive for and that you have come to expect is represented in this offering. We culled very hard for structural and disposition issues to ensure you get our absolute best genetics.

The cattle in this sale spent the summer on pasture with no supplement. We are pleased with how they have come along, and they will be in excellent shape going into winter. Because the bulls are older and risk of injury is much greater, we will be delivering immediately after the sale. The bulls will all complete a breeding soundness exam prior to the sale, and we are offering the same policy regarding breeding guarantees as last year. Make sure to look at the sale terms and conditions page to familiarize yourself with these terms.

Our sale is a video-only sale; no cattle will be brought through a ring. This method has been a great way to have the sale at the ranch without building a new facility. The advantage is no cattle will be moving during the sale, so you are free to view them as long as you like. They will be right out the door on sale day if you need a second look.

Lastly, we would like to say thank you. Thank you to all of our loyal customers and friends who support us. We could not be in this business without you, and we appreciate your interest and belief in our program. We look forward to visiting with you. See you at the ranch Nov. 15!

- **Doug and Maria Bichler**

Preferred route: Travel south of Linton, N.D., on Hwy 83 and turn west at 82nd Street. Travel for five miles and turn south at 2nd Ave. Travel for one mile and turn west at the Bichler Simmentals sign. Travel for three-quarter of a mile; the sale will be held in the red and white barn.

Secondary route: Travel west of Linton, N.D., on Hwy 13 and turn south at 3rd Ave. Travel for one mile and turn west at 80th Street. Travel for one mile and turn south at 2nd Ave. Travel for three miles and turn west at the Bichler Simmentals sign. Travel for three-quarter of a mile; the sale will be held in the red and white barn.

Sale Day Phones:

Doug Bichler..... 701 226-4068
Maria Bichler..... 701 340-9749
Paul Bichler..... 701 226-5861

Sale Location: Bichler Ranch, see directions above.

Sale Terms: All cattle sell under the Suggested Sale Terms & Conditions of the American Simmental Association. Available upon request.

Phone Bids: Phone bid services will be available if an interested party cannot attend the sale. Please leave your bid with any of the sale staff listed in the catalog and we will do our best to accommodate you. We will try and fulfill your request to the best of our ability and no "running" of the bid will be allowed.

Accommodations: Motel rooms are available at Don's Motel, 701 254-5457, or the Cobblestone Inn & Suites, 701 254-5734. Both motels are located just off of Hwy 83 in Linton.

Announcements: Announcements made sale day and from the auction block take precedence over printed materials in the catalog or other printed material associated with the sale. Anyone attending the sale does so at their own risk. Any of the sale staff will not be responsible for any personal injury for attending this sale. We are not responsible for any accidents, damaged, or stolen items on sale day.

We reserve the right to collect up to 100 units of semen on any of the bulls, for in-herd use. The semen will be collected at the seller's expense and the buyer's convenience. Please contact us if you have any questions.

Breeding Guarantee: All bulls in this sale have passed a breeding soundness exam by Dr. Lyle Kenner of Northern Veterinary Service in Linton. We will cover injury or infertility of your new bull(s) that would prevent them from breeding through the first 60 days of the breeding season. To be eligible, bulls must bring \$3,000 or more. A flat rate salvage value of \$1,500 will be deducted from the purchase price and either a replacement (if available) or sale credit at the next sale will be provided. Management issues, such as poor nutrition or frozen scrotums, will not be eligible. We ask that customers make us aware of issues as soon as they occur, and we reserve the right to request a veterinarian assessment.

 American Simmental Association

Health Program: Bulls and heifers were calfhood vaccinated with Bovisheild Gold 5, Oneshot Ultra, 7-way Somnus, and injected with Dectomax. At weaning, calves were given Bovisheild Gold 5, 7-way Somnus and One Shot, boosters were given of the Bovishield Gold 5, and 7-way Somnus and they were poured with Clean-Up II. The bulls received Fusogard at turn-out.

Hauling: We would appreciate sale cattle be taken home on sale day. If you cannot take them home on sale day, please make arrangements prior to the sale to coordinate hauling.

Insurance: Insuring your bull or heifer is an affordable way to cover yourself in case of fatality. In many cases the full purchase price can be recovered with a simple policy. Insurance will be available on sale day.

Index Information: Please note that EPDs may change from the time the sale catalog is printed to the time the registration paper is transferred.

Sale Format: We will be conducting a video auction. The cattle will not go through the sale ring. Instead, we will have all the lots on video. Videos of the bulls and heifers will be played as each one sells. The cattle will be penned near the sale barn for evaluation on sale day.

The sale will be broadcast on DVAuction.

What a way to start the catalog! Excitement would be a great name for this bull. We have felt that way since the day he was born. His dam is one of the most unique cows we have ever worked with. In her short career, she has reached almost 100K in earnings. She was selected as pick of the herd flush by both Rydeen Farms and Lazy C Diamond Ranch and produced highlights for both sales. Sadly, we lost her this summer, and this is the only red son we were able to produce. He is truly special. He will be a versatile piece to move any program in a positive direction. We will utilize him in our ET program and feel he is herd bull material.

We have been so pleased with our Yankee cow. Every mating has worked well, and this is no exception. These three brothers are bred differently on the top side and are all dark red with muscle, base width and the pattern Yankee loves to inject. The sister flush mates are an impressive group as well. If you need something a bit different that cannot be duplicated in the U.S., here is your opportunity.

Our only direct son of W21, but we feel he is herd bull potential. Red Mountain semen is not marketed in the U.S., so he is a unique breeding piece that combines two of the most prolific donors in the breed. His sisters are carbon copies of their mother, and we are looking forward to them being in production next year.

The 38W cow continues to build her resume with each passing sale. Her family tree has branched all over the nation. This bull will only add to her impressive run. He combines all you want in a herd bull. Dark red, moderate, easy keeping, unique pedigree and EPDs you can work with. His feet are perfection, and his flush sister is one of my favorites on the place. Good red bulls are hard to find, study him closely.

Stud! I don't need to say much more. Everyone should find this bull on sale day. He is what makes every performance junky drool and he will produce females to build a herd around. Out of a maternal sister to Authority who gets it done year after year.

This bull is a great example of what we preach all the time. He defines balance. It is hard to fault him, and then when you realize he is Manifesto's maternal brother who is backed by W21 on the top side, it makes sense why he begins our black offering. He will be a versatile herdsire that could work on heifers or cows alike. We've calved enough Artillery females to know they are good, and the E352 cow has an impressive track record at a young age. The older this bull gets, the more we like him. He could very well be the most interesting piece in this sale.

These Bichler-bred females and their Manifesto-sired calves are getting the job done at Kenner Simmentals.

What a looker. This is probably the quietest heifer in the pen, but she loves to show off. She is feminine fronted and possesses so much rib and hip, yet she does it all with style. She will be a fun one to own. AI'd on 5/29/21 to IR Imperial D948. Pasture exposed to JSF Logical H020 from 6/1/21 to 8/26/21. Ultrasound safe to AI and due 3/7/22 with a bull.

You don't usually find a heifer of this caliber so far down in the catalog, but hopefully it helps you realize how deep this bred offering is. We cannot say enough about this heifer. Her dam is a great cow, and backed by cows like KS Kayla and C4, how can you go wrong? AI'd on 5/29/21 to LCDR Progressive 106G. Pasture exposed to JSF Logical H020 from 6/1/21 to 8/26/21. Ultrasound safe to AI and due 3/7/22 with a bull.

COMMERCIAL HEIFERS

These commercial heifers were raised and managed alongside the others. We had mostly heifer calves out of our commercial cows and simply couldn't keep them all so we decided to offer some to you. High bidder can select the reds, the blacks or the entire group, choice is up to you!
