BICHLER

SIMMENTALS

Welcome to our 18th annual production sale. We are once again in exciting times in the cattle industry with record prices and a yard full of feed for the winter. Hopefully this is the case for you all as well.

We've done our best to bring you a great set of cattle this year. This set of bulls has never been offered for sale. The quality we strive for and that you have come to expect is represented in this offering. We culled hard for structural and disposition issues to ensure you get our absolute best genetics. We are happy with the cattle presented in this catalog, and we find it rewarding that some of our top bulls and heifers are sired by bulls we have raised in the past.

The heifers in this sale spent the summer on pasture with no supplement. We are pleased with how they have come along, and they will be in excellent shape going into winter. They represent the kind of females we would be happy to keep in our own herd, and reports have been favorable that they turn into productive cows. The heifers were ultrasounded for calving dates in September and then were palpated closer to the sale to confirm pregnancies.

Because we lost some grass, the bulls spent part of the summer at home on pasture and the remainder of the year in the feedlot. They were fed free-choice millet hay, and we gave them cake daily. This became the girls' favorite chore, and the dispositions reflect all the time we've spent with the bulls. The bulls will all complete a breeding soundness exam prior to the sale, and we are offering the same policy regarding breeding guarantees as last year. Make sure to look at the sale terms and conditions page to familiarize yourself with these terms. We have received excellent feedback that the bulls we sell develop well and can service more cows because of the way they are developed and their extra age at turnout.

Our sale is a video-only sale; no cattle will be brought through a ring. This method has been a great way to have the sale at the ranch without building a new facility. The advantage is no cattle will be moving during the sale, so you are free to view them as long as you like. They will be right out the door on sale day if you need a second look.

Lastly, we would like to say thank you. Thank you to all of our loyal customers and friends who support us. We could not be in this business without you, and we appreciate your interest and belief in our program. We look forward to visiting with you. See you at the ranch Nov. 21!

- **Doug and Maria Bichler**

Preferred route: Travel south of Linton, N.D., on Hwy 83 and turn west at 82nd Street. Travel for five miles and turn south at 2nd Ave. Travel for one mile and turn west at the Bichler Simmentals sign. Travel for three-quarter of a mile; the sale will be held in the red and white barn.

Secondary route: Travel west of Linton, N.D., on Hwy 13 and turn south at 3rd Ave. Travel for one mile and turn west at 80th Street. Travel for one mile and turn south at 2nd Ave. Travel for three miles and turn west at the Bichler Simmentals sign. Travel for three-quarter of a mile; the sale will be held in the red and white barn.

Sale day phones

Doug Bichler..... 701 226-4068
Maria Bichler..... 701 340-9749
Paul Bichler..... 701 226-5861

Sale location: Bichler Ranch, see directions above.

Sale terms: All cattle sell under the Suggested Sale Terms and Conditions of the American Simmental Association. Available upon request.

Phone bids: Phone bid services will be available if an interested party cannot attend the sale. Please leave your bid with any of the sale staff listed in the catalog and we will do our best to accommodate you. We will try and fulfill your request to the best of our ability and no "running" of the bid will be allowed.

Accommodations: Motel rooms are available at Don's Motel, 701 254-5457, or the Cobblestone Inn and Suites, 701 254-5734. Both motels are located just off of Hwy 83 in Linton.

Announcements: Announcements made sale day and from the auction block take precedence over printed materials in the catalog or other printed material associated with the sale. Anyone attending the sale does so at their own risk. Any of the sale staff will not be responsible for any personal injury for attending this sale. We are not responsible for any accidents, damaged, or stolen items on sale day.

We reserve the right to collect up to 100 units of semen on any of the bulls, for in-herd use. The semen will be collected at the seller's expense and the buyer's convenience. Please contact us if you have any questions.

Breeding guarantee: All bulls in this sale have passed a breeding soundness exam by Dr. Lyle Kenner of Northern Veterinary Service in Linton. We will cover injury or infertility of your new bulls that would prevent them from breeding through the first 60 days of the breeding season. To be eligible, bulls must bring \$3,000 or more. A salvage value will be deducted from the purchase price and either a replacement if available or sale credit at the next sale will be provided. Management issues, such as poor nutrition or frozen scrotums, will not be eligible. We ask that customers make us aware of issues as soon as they occur, and we reserve the right to request a veterinarian assessment.

Sale personnel

Tracy Harl, Auctioneer..... 402 469-3852

Scott Ressler, Ringman..... 701 391-7310
 North Dakota Stockmen's Association
Tony Heins, Ringman..... 701 400-4435
 Cattle Business Weekly
Russ Danielson..... 701 261-2742
 American Simmental Association

Health program: Bulls and heifers were calfhood vaccinated with Bovisheild Gold 5, Oneshot Ultra, 7-way Somnus, and injected with Dectomax. At weaning, calves were given Bovisheild Gold 5, 7-way Somnus and One Shot, boosters were given of the Bovishield Gold 5, and 7-way Somnus and they were poured with Clean-Up II. The bulls received Fusogard at turn-out.

Hauling: We would appreciate sale cattle be taken home on sale day. If you cannot take them home on sale day, please make arrangements prior to the sale to coordinate hauling.

Insurance: Insuring your bull or heifer is an affordable way to cover yourself in case of fatality. In many cases the full purchase price can be recovered with a simple policy. Insurance will be available on sale day.

Index information: Please note that EPDs may change from the time the sale catalog is printed to the time the registration paper is transferred.

Sale format: We will be conducting a video auction. The cattle will not go through the sale ring. Instead, we will have all the lots on video. Videos of the bulls and heifers will be played as each one sells. The cattle will be penned near the sale barn for evaluation on sale day.

The sale will be broadcast on DVAuction.

We believe in the power of cow families. We did this mating specifically to get a red son of Zada. If you study his data and phenotype, it's easy to see why he should be utilized. Not only will his sons be performance bulls but his daughters will be exceptional. We contemplated keeping J8871 as our own herd bull. But because we used him naturally and in our ET program, we decided to offer him in the sale. We would be interested in partnering with the new owner on semen interest and pasture rights.

Herdbull potential. The only bull calf out of this flush but we feel he is as good as any in the offering. His flush sisters look to be some incredible cows, and his donor dam has become a dependable cornerstone of our black program. Study his data and EPDs. You don't usually find this combination with the phenotype he has.

A beast of a bull. Flush mate to BCLR Forge who we utilized extensively in our 2022 breeding season. This bull has more power and performance than his brother and should produce some excellent replacement females. Dam is Zada donor.

108 PICK OF THE COWHERD

Never before have we offered a pick of our entire herd. We have well-known donors, daughters with donors stacked in the pedigrees and cows that just flat get it done year after year. This pick includes our bred heifers and our cowherd. Your biggest problem will be selecting just one! We will work with the new owner to provide any information needed to select the best option for them. We reserve the right to a flush or split two flushes on the selected female, with a minimum of six transferable embryos.

These heifer calves represent the depth and quality of the offering. All of the heifers pictured here have gone on to be donors for our herd and others.

BCLR MISS YANKEE F870

109 PICK OF THE HEIFER CALVES

It's hard to sell picks, but we cannot keep them all. We have some tremendous ET heifer calves out of matings that cannot be duplicated, or you can select a daughter of one of our outcross herdsires. I am continually impressed with the fertility and ability to adapt to any situation we present to our females. This pick could be the start of a new donor cow family at your ranch! We will help you select the right heifer calf that fits your needs. We reserve the right to a flush or split two flushes on the selected female, with a minimum of six transferable embryos.
